

VANTAGE POLA FRAMES

Vantage Pola Frames are designed for use with ARRI matte boxes.

The Pola Frame allows rotation of the polarizer without turning the clip-on matte box.

Gears with module 0.8 allowing motorized in-shot rotation.

Vantage Pola Frames come in two sizes, both equipped with True Pol Circular filters.

A True Pol/85 combined version is available on request.

Vantage Pola Frame
4x5.65" for ARRI MB-5,
MB-18, MB-19

Vantage Pola Frame XL
6.6x6.6" for ARRI LMB-4,
MB-14

The Vantage Pola Frame XL covers very wide lenses e.g. Zeiss Ultra Prime 8R or Angénieux 24-290mm Optimo
