

NEW ADDITION: THE 140MM T1.4 LARGE FORMAT LENS

The Vantage One4 line of large format spherical lenses now includes a 140 mm-T1.4 lens, bringing additional precision and flexibility to filmmakers. Vantage One4s are designed from scratch with a unique philosophy that produces distinctive lenses with superior close-focus. All Vantage One4 lenses offer a range of optical traits depending on the stop. The new 140 mm-T1.4 is surprisingly compact despite a focal length and T-stop requiring large elements, and will integrate flawlessly with the Vantage One4 series.

The Vantage One4 140 mm is mechanically robust, and handcrafted with no floating elements, no aspherics and no expanders - only the highest quality spherical optics.

LARGE FORMAT PRIME LENSES	FOCAL LENGTH STOP	CFD CLOSE FOCUS		WEIGHT		FRONT DIAMETER	OVERALL LENGTH
VANTAGE one4 ® 22	22mm/T1.4	0.25m	10"	2.8kg	6.1lbs	136mm	170mm
VANTAGE one4 ® 27	27mm/T1.4	0.3m	12"	3.1kg	6.8lbs	136mm	200mm
VANTAGE one4 ® 35	35mm/T1.4	0.25m	10"	2.7kg	5.9lbs	136mm	166mm
VANTAGE one4 ® 50	50mm/T1.4	0.35m	1'2"	2kg	4.4lbs	120mm	146mm
VANTAGE one4 ® 65	65mm/T1.4	0.4m	1'3"	1.5kg	3.3lbs	120mm	135mm
VANTAGE one4 ® 80	80mm/T1.4	0.5m	1'6"	1.6kg	3.5lbs	120mm	135mm
