

Hawk V-Plus Vintage'74 Zooms

2x Front Anamorphic Zoom Lenses - Technical Data

Genuine Front Anamorphic Zoom Lenses. Hawk V-Plus Vintage'74 front anamorphic zoom lenses deliver lower contrast and flare characteristics of 1970s lenses with modern mechanics and the dependability, sharpness and consistency of all current Hawk lenses. These zoom lenses intercut seamlessly with the entire line of Hawk V-Lite Vintage'74 and Hawk65 Vintage'74 large format primes.

Lens	Focal Length Stop	metric		imperial		Angle of View* horizontal	Weight		Front Diameter	Overall Length	Min. Filter Size	Image Area diagonal	Illumination Area diagonal
